Standard Dust Mat

Anti-Fatigue Dust Mat

## Choosing the right mat type to suit your business needs

### STANDARD DUST CONTROL MATS

**Hard wearing** for outdoor and indoor use. Ideally placed within the main entrance, reception and areas with high levels of foot traffic.

### LOGO AND IMAGE MATS

Feature your **company logo** or **customised image**.

Place in showrooms to highlight products on display, or in reception areas to create that great first impression.

### SPECIALITY MATS

**Anti-fatigue** and **anti-microbial** mats help workforce productivity, comfort, and reduce the risk of food contamination in the workplace.

Ideally placed within kitchen, washroom and production areas where long periods of standing are involved.

## WORKPLACE SERVICES

## Reduce Slips & Falls In Your Workplace

### Dust Control Mats

# Create a Solid Barrier In Your Workplace

against dirt and grime with **Dust Control Mats**

Johnsons Apparelmaster is the UK's Number One Workwear and Workplace Hygiene Services Provider.

Providing truly national coverage from an extensive network of local customer service centres, and with over 40,000 UK-based customers operating in a wide cross section of industries from multiple-site multinationals to small local businesses.

Choose from our range of workplace services which are designed to reduce your cleaning and maintenance costs, help remove bacteria, reduce administration, prevent theft and minimise disruption to your workforce.

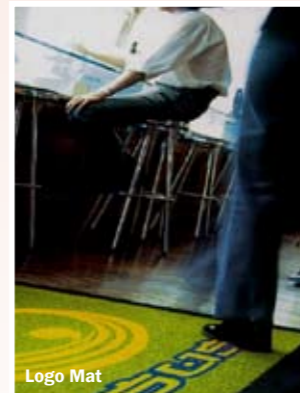

- Cotton Towels & Industrial wipers
- Dust Control mats
- Personal locker services

**The positioning of dust control mats throughout your business premises not only helps to reduce the risk of accidents in the workplace, but can help to improve your company image.**

The use of dust control mats can help to promote your business and increase the safety for all customers and visitors into your workplace through cleaner and drier floors.

Acting like a brush, to capture dirt at the source, dust control mats reduce the amount of grime dispersed within office and warehouse areas helping to save on premature carpet replacement, excessive cleaning and the need to constantly maintain floors during wet weather.

# Catch, Absorb and Conceal Dirt Right At The Source

Save up to 14% on your maintenance costs<sup>1</sup> and reduce cleaning times by 44%<sup>1</sup>, through the use of a dust control mat rental service from Johnsons Apparelmaster
